

## Nursing Taster Day Programme

This Nursing Taster Day has been designed to give you the opportunity to explore our facilities and find out more about Nursing as a career option. You will find out what it is like to study Nursing, information about the different fields of practice, as well as being able to take part in a practical session. You will also have the opportunity to find out about life as a student and get your chance to ask questions about making your application. Please note that this day will not be suitable if you have already submitted an application to Nursing.
